

Mason Jar (Monsieur Adi Remix)

Smallpools

She saw the world through a mason jar, it's foggy
She had the kids with the vicious smiles, they got me
Up on the hill with the trophy wives
She's doing alright, all alright (yeah)
They let her roam some tree or vine, no question
She's got a home with some shit to climb, don't mention
Been up and down like a hundred times But I got to kill this conversation while
There is still sense in my mind
But I miss the way you feel
No one will ever know-oh-oh-oh She wrote a film 'bout a double life she's livin'
She had a weak co-star in mind, I give in
Mix up the clear with the coffee grinds
We're shootin' all night, all all night (yeah)
I feel the shift of the fallen tide, I'm leavin'
Nobody dares to take her side, still pleadin'
She's breakin' down to me one more time But I meant to kill this conversation
While there was still sense in my mind
But I miss the way you feel
No one will ever know-oh-oh-oh Well we both know
The green will fade to gold
But it wasn't right, I should've called them off
A face like stone
The pain begins to show
And it was not right, I should've called them off But I miss the way you feel
(Well we both know)
No one will ever know
(The green will fade to gold)
I miss the way you feel
It wasn't right, I should've called them off
(No one will ever know) But I miss the way you feel
(A face like stone)
No one will ever know
(The pain begins to show)
I miss the way you feel
It was not right, I should've called them off
(No one will ever know)
