Last Time Around

Nick Jonas & The Administration

Walk in the room, I'm a man on a mission
You're standing there and I feel that connection
I break the ice and I ask what your name is
Then I recall that we already did this
Somehow I missed it
Keep on moving like you did last summer
When the grass was greener and your hair was longer
If you become familiar with another in town
Don't forget about the fun that we had last time around
You walk around with a new man, new plan
You think it's over but I'm just getting started
I try to call but you don't ever answer
I'd let you go but you're all that I'm after
Can't you remember?
Keep on moving like you did last summer
When the grass was greener and your hair was longer
If you become familiar with another in town
Don't forget about the fun that we had last time around
That feels good
So keep on moving like you did last summer
When the grass was greener and your hair was longer
If you become familiar with another in town
Don't forget about the fun that we had last time around
Keep on moving like you did last summer
(Last time around)
When the grass was greener and your hair was longer
(Don't forget about it, baby)
If you become familiar with another in town
(Last time around)
Don't forget about the fun that we had last time around
Last time around
Yeah, last time around
