

Up All Night

The Wurzels

Some Times I See You Face
Looking At Me, All your love and grace
smiling at me all the things We Had
Never Under Stood

At time it cuts I up
Thinking of ya all the hope is gone
Wasted on ya, All the talks we had
Never did no good (No)

Oh Maybe
I don't need you to save me
just want you to help me
cus your keeping me up all night
I'm so tired of waiting
when your for no thing
i should be up all night with you.

Poor another glass
while I watch the Barol dissapear
While I watch the morning light appear
An I'm thinkin about you

Oh Maybe
I dont need you to save me
just want you to help me
cus your keeping me up all night
im so tired of waiting
when your for nothink
i should be up all night
And maybe i dont need you to save me
Just want you to help me
Cus your keeping me up all night
Im so tired of waiting
When your for nothink
I should be up all night with you.

I met this girl last night
She said why dont you let her be
He met this girl last night

She said why wont you let her be
Im to young for that
 too young for that
Im too far for that
 Too far for that
Too proud for that
 Too gone for that
(Spoken " Would you like to come back to my flat")

(Instrumental Chourus)

OOOOOHHHH Maybe
I dont need you to save me
 just want you to help me
cus your keeping me up all night
 I'm so tired of waiting
 when your for nothink
 i should be up all night
And baby i dont need you to save me
 Just want you to help me
Cus your keeping me up all night
 Im so tired of waiting
 When your for nothink
 I should be up all night with you.

"Arh Come on just say you'll stay."
