The Last Time

Allstar Weekend

You say it's the wrong way
to leave my heart on this loose frame
There's fears that you can't escape
All my regrets have been replaced
Once you feel it
You'll believe it
You say it's the wrong way
to leave my heart on this loose frame
Just for tonight
can i love you like it's the last time?
Days go by
don't want to loose you, like i did my mind
We're feeling older it seems
I'm running out of my dreams
Can I love you like it's the last time?
Oh,Oh,Oh
You say that it's foolish
to fall in love with you too quick
But sometimes you pick
just gotta go where the heart drifts

Once you feel it
You'll believe it
You say that it's foolish
to fall in love with you too quick
Just for tonight
can i love you like it's the last time?
Days go by
don't want to loose you, like i did my mind
We're feeling older it seems
I'm running out of my dreams

Can I love you like it's the last time?
Oh,oh,oh
oh,oh,oh
Open your eyes
let me inside
Breathe in the night
Let it get you high

Open your eyes
Let me inside
Breathe in the night
Let it get you high
Open your eyes
Let me inside
Breathe in the night
Let it get you high
Open your eyes
Let me inside
Breathe in the night
Just for tonight
can i love you like it's the last time?
Days go by
don't want to loose you, like i did my mind
We're feeling older it seems
I'm running out of my dreams
Can I love you like it's the last time?
oh,oh,oh
oh,oh,oh
Can I love you like it's the last time?
