Broke Her (Mieksneak Rework)

Yuna

Tell me: is this alright with you?
Not having me in your life
I always thought that maybe I could be your wife
And I wouldn't mind living a lie.And still I keep my hopes up
While you're out there
Out there lighting the dark
Your words they come so easy
Girl, I just wanna be me
All of a sudden I'm not on your team
Replaced by the prettier thingsWhen I see you with all these girls
I just don't understand
I guess I'm not like the rest of themSo is this my punishment, punishment, punishment
Cause baby I'm in pain, I'm in pain, I'm in painI'm just trying to overcome
The fact that maybe I was not enough
The only thing that I could think of
Is whether I should give upSo you can be with any girl you like
Singer, model, fashionista, socialiteBuy them all the things your money can buy
You don't owe nobody an alibi
Go ahead and leave me out of your life
No one's gonna ask you where you are tonightYou can tell your friends while you're all hot
Yeah I broke her but she'll be alright
Yeah I broke her but she'll be alright
I broke her but she'll be alright
I broke her but she'll be alrightI'm broken but I'll be alright
I'm broken but I'll be alright
I'm broken but I'll be alright
