Grey Suits

Bad Astronaut

Even grey suits have their day
all the promises they made
all the bad words you can't say
you signed up now fake it
you signed up now make it
you signed up now make us proud
the best is yet to come
the best is yet to come
seeing how they break you be honest
you want it nothing else will do
it's never enough for you
it's never enough for you
it's never enough for you
and even grey suits have their way
all your friendships find their graves
in the lounge where you write
they are lost
and you are found
the weather's fair in the clouds
you signed up now make them proud
the best is yet to come
the best is yet to come
the best is when you're falling from your throne
yeah you bought it it's never enough for you
you bought it it's never enough for you
you bought it it's never enough for you
you bought it it's never enough for you
you bought it it's never enough for you
you bought it it's never enough for you
you bought it and you hold on
