I'm The Man (that You Are Not)

Crash Test Dummies

Here's a nasty little queen
There's a boy who loves his mother
Heres another operator
Thinking that he's got it coveredYou're in a jam
You're tied up in knots
And I'm the man that you are not
Yeah and I'm the man that you are notHere's some white boy doing time
There's one that got out
Here's another brother who seems to think
He knows what it's aboutYou're in a jam
You're tied up in knots
And I'm the man that you are not
Yeah, I am the man that you are notI'm the one just sitting back
Waiting here alone
I stay inside and shut the blinds
Do everything by phoneYou're in a jam
Youre tied up in knots
Yeah and I'm the man that you are notYou're in a jam
Youre tied up in knots
And I'm the man that you are not
