

Guns and Roses

[Tory Lanez](#)

What if I told you
You're like the bullet to my holster
Dangerous, but I wanna hold you baby
You're there when I go through the motions
What if I told you
I could sling you off of my shoulder
Just like a shotgun to a soldier
I bought you all this Guns and Roses And baby, don't hold nothing back from me
I want hold of shotguns and roses She shot me right down
She shot me right away
She shot me right down
She shot me right away She shot me right down
She shot me right away
She shot me right down What if I told you
When we make love its like war is going on
Don't leave me wounded in this battlefield
This fight for love, is for sure the prologue
What if I told you
You're my one to cover for us
Would you stick me with this steep baby
Hope you got Guns and Roses Don't hold nothing back from me
I want hold of shotguns and roses She shot me right down
She shot me right away
She shot me right down
She shot me right away She shot me right down
She shot me right away
She shot me right down
She shot me right away (She shot me right away)
Nothing back from me
(She shot me right away)
I want hold shotgun and roses
(She shot me right away) Don't leave me alone baby
Shot me now I'm down oowee
Don't leave me alone baby
I'm alone and I need another round
Don't leave me alone baby
Shot me now I'm down oowee
Don't leave me alone baby

I'm alone and I need another round
