

# Modern Times

## 100 Monkeys

One for your money  
Two for your show  
Three I've got your heart strings  
Body and soulDon't mind about the forethought  
Cause no one really cares  
And you'll see as it comes to light  
As it does in lifeThese are modern times but the mind is all the same  
These are modern times but mind me were not sane  
We're so cruelPrint, print you little devil  
Your feet been dipped in ink  
But don't slip you little devil  
Or you see us fall to piecesAh ah ah  
Ah ah ahAll our hearts are breaking  
Ah ah ah...
