# Paul Newman's Eyes

## Dogs Die In Hot Cars

I wish I had Paul Newman's eyes
And every day came with some surprise
I wish I had Paul Newman's eyes
That would be niceLook at those houses, big houses over there
Look at those suits spending money without a care
Here comes the stars with perks around their arms
Here comes the sports car that carries so much ch-ch-charm
Ch-ch-charmBut I'm just a nothing that doesn't have a lot
And I asked for your life but look at what I gotSo sick of seeing, don't want to hear no more
And you can amputate my limbs
And starve me to death whilst I beg for freedom
Away from a life which is thisBut I wish I had Paul Newman's eyes
And every day came with some surprise
I wish I had Paul Newman's eyes
That would be niceOoh, look at those setters, those setters of the trend
Look at that band, they act so confident
Here comes the movies with dialogue so cool
Why did they never tell me to speak like that that in primary schoolSo sick of seeing, don't want to hear no more
And you can amputate my limbs
And starve me to death whilst I beg for freedom
Away from a life which is thisBut I still wish I had Paul Newman's eyes
And every day came with some surprise
I wish I had Paul Newman's eyes
That would be niceSo sick of seein', can't stand to talk
And I've no compassion or thoughtBut I wish I had Paul Newman's eyes
And every day came with some surprise
I wish I had Paul Newman's eyes
That would be nice
