Bad Habit

Destiny's Child

How many times
Are you gonna apologize about the same thing?
And how many times can I take it back
When I'm not the one that's doin' wrong?
(When I'm not the one that's doin' wrong, no)
I thought maybe if I started prayin'
That we would get better
But when I would pray the answer
Would always come back to me bein' done
But we are so hard headed when we're in love
So I
I told myself that I would make some changes
(Yeah)
But the more I change there's one thing that remains the same
(The same)
I can't seem to shake ya
You seem to really have a hold on me
And every time that we break up
We turn around and make up
This can't go on now
(No)
I gotta move on now
It's not the fact that I don't love you no more
But I gotta break this bad habit
Can't take this bad habit no more
I'm totally out of my element
Learnin' new ways to live, while your in a comfort zone
Not even thinkin',
(You couldn't think about me)
To call and then when I get mad you buy me gifts
Thinkin' it's gonna solve every issue
From the girl callin' my phone
(Phone)
To the pictures that I saw
(You know what I saw)
And every time you would break up with me for nothing at all
I've takin' all I could take
(I've takin' all I could take)
But the way I live has gotta change, oh

I told myself that I would make some changes
(I told myself that I would)
But the more I change there's one thing that remains the same
I can't seem to shake ya
(Shake ya)
You seem to really have a hold on me
(You really have a hold on me)
And every time that we break up
We turn around and make up
(Turn around)
This can't go on now
(Can't do it no more baby, no, no, no)
I gotta move on now
It's not the fact that I don't love you no more
(Love you no more)
But I gotta break this bad habit
Can't take this bad habit
Let me break it down
Have you ever loved somebody?
So much that you was just to blind to see
Past, all of the pain they was causing you
(Causing you)
Ladies, do you feel me?
(Do you feel me?)
Have you ever loved somebody
So much that you went against the right things that you should do?
(Do)
Then it's time to make a change
(Time to make a change)
So I
I told myself that I would make some changes
(Make some changes)
But the more I change there's one thing that remains the same
(Baby it the same)
I can't seem to shake ya
You seem to really have a hold on me
(You really have a hold on me)
And every time that we break up
We turn around and make up
(Turn around)
This can't go on now
(Can't go on now)
I gotta move on now
It's not the fact that I don't love you no more
(Love you no more)

But I gotta break this bad habit
(Habit baby)
Can't take this bad habit no more
