Red & Green

Martigan

Lost in a space without a song
La-la-lalala - la la lalala - lalala
Hearin' the deaf cries
of the storm
Time may die maybe unnoticed
They will never know
Silent nights and no surrender
When it's time to - when it's time
When it's time to go
And it's up to me to break the silence
The raven didn't flee south...
And it's up to me to break the silence
The raven didn't flee south... this year
And it's up to me to break the silence
The raven didn't flee south...
And it's up to me to break the silence
The raven didn't flee south... this year
And it's up to me to break the silence
The raven didn't flee south...
And it's up to me to break the silence
The raven didn't flee south... this year
So i write a song for a new belief
No matter who's to hear it
Get me a kick n disregard the signs
and destroy my hideaway
Wild shall my spirit be
Makin' my life running faster than me
For we won't have that much time
in the end of Red & Green
