

All I Want Is More

Reel Big Fish

Why can't she make up her fuckin' mind
I'm just here wastin' so much time
I know it's my fault
But it's not my problem anymoreSome day, maybe she'll come back to me
And I'll say, "Why don't you go fuck yourself?"
And everybody's talkin', they know that I'm lyin'
She gave me everything but all I want is moreYeah, I wrote this song for her
But it won't make up for anything
I know it's too late, so why do I wait
It's not my problem anymoreSome day, maybe she'll come back to me
And I'll say, "Why don't you go fuck yourself?"
And everybody's talkin', they know that I'm lyin'
She won't do anything and I'll always wait for herAnd some day, maybe she'll come back to me
And I'll say, "Why don't you go fuck yourself?"
And everybody's talkin', they know that I'm lyin'
She gave me everything but all I want is moreAll I want is more, all I want is more, all I want is more
