So Long Goodbye

Sum 41

Time passes by, direction unknown You've left us now but we're not alone Before you know it your cup's overflown

You measured no one that I've ever knownAnd it's quite alright and goodbye for now Just look up to the stars and believe who you are

'Cause it's quite alright and so long, goodbyeWe always knew that it'd come to this It's times like these I forget what I miss

Matters of heart are hard to address

Especially when yours is full of emptinessAnd it's quite alright and goodbye for now Just look up to the stars and believe who you are

'Cause it's quite alright and so long, goodbyeWell, time passes by, direction unknown You've left us now but we're not alone

Before you know it your cup's overflown

You measured no one that I've ever knownAnd it's quite alright and goodbye for now Just look up to the stars and believe who you are 'Cause it's quite alright and so long, goodbye
