Everything Is Everything

Face to Face

We've got a lot of questions
We've got a lot to learn
I'm tired of solving problems
I've seen many bridges burned
We see it all so clearly
And still we close our eyes
Why should we understand it?
What good is knowing why?I know that life can be filled with these changes
I know there's times when it feels like I'm falling
But I know something in my life will change again
Again, again, againNow I've got a lot of questions
I've got a lot to learn
So tired of solving problems
I've seen many bridges burned
I can't change what's in the past
I want to move ahead
I want to understand it
Give me the reason whyI know that life can be filled with these changes
I know there's times when it feels like I'm falling
But I know something in my life will change again
Again, again, again
