Doin It

T-Rock

Yeah check it out baby
Make it hot baby then we drop it, yeah
Uptown, you know how?
Yeah you know?
Make it hot
It's the first time together and I'm feeling kinda horny
Conventional methods of makin' love kinda bore me
I wanna knock your block off, get my rocks off
Blow your socks off make sure your G spots soft
I'm gonna call you big daddy and scream your name
Matter fact I can't wait for your candy rain
So what you're sayin', I get my swerve on, bring it live
Make it last forever, damn the kitty cat's tight
Daddy slow down your flow
Put it on me like G baby nice and slow
I need a rough neck nigga Mandingo in a sec
Who ain't afraid to pull my hair and spank me from the back
No doubt, I'm the player that you're talkin' about
But do you really think that you can work it out
I guarantee shorty it's real, baby stick it out
Here comes the man of steel
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
I'm in the mix now, searching for the right spot
To hit now, get down
Damn my lover dig down, you use a rubber?
Damn right, you are my lover, all night
The putty good to you? word to momma
Man tight
The only thing left to do is climax
Let's make it last
Word we ain't goin' out like that
All this time you've been telling that you was a don

I tried to warn you girl you wouldn't listen
Now let's get it on
Baby wow, don't do that
Chill wait a minute baby let me please your back
You talk a good one shorty now you're makin me sweat
How a live nigga like it girl?
Nice and wet
We get it on to the break of dawn, damn you're large
How a big girl like it daddy?
Nice and hard
Safe sexin' it, flexin' it
Gettin' that affectionate
Chewin' it, doin it, all while we're doin it
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Baby, I wanna hit it in the worst way
Make it hot
Schemin' on the ass since the first day
Don't stop
Damn I love it when you talk like that
Make it bounce sugar
Long as you can bounce me back
More flesh than the Greek fest
Roll up the cess
Pass the hennessee
Put my body to the test
Way way back many niggaz ago
I was a young girl listening to how you flow
Now's my chance to hit you off daddy I'm grown
From the back, from the side
Right, I'm in the zone
One of a kind when it's time to do mine
Camcorder and the whole shit
Press rewind
Let it flow on the screen while we puffs the L
Laying back in the cut while we're under the spell
Word life, I like the way the F went down
Go to sleep, tomorrow I'll take you back downtown, we'll be
Doin' it, doin' it, doin' it well

Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
Doin' it, doin' it, doin' it well
I represent queens, she was raised out in Brooklyn
You like, you like that?
Make it hot
