Questions No Answers

Young Hysteria

Think about, what you're doing now?
For a spell, for a spell
No questions, no answers
Not gonna fool myself today

Think about, the time we used to be friends
For a while it felt fine
No questions, no answers
Situation better change

Why? No questions no answers
Situation better change

Really didn't know why
Really didn't know why

Think about, the time we used to be friends
For a while it felt fine
No questions, no answers
Situation better change
No questions, no answers
Situation better days

Why do they always go? We gotta find a better way
Falling in love again, no questions no answers
Gotta be honest too, no questions no answers
Oooh I gotta think about.

Really didn't know why
