

Black And White (feat Shaggy)

Kylie Minogue

Shoot it

Talk to me girlThese photographs don't relieve me

But I haven't seen you since you left

Your smile so misleading

It's black and white, you ain't coming back to meIt's black and white, you ain't coming back to me

It's black and whiteSmile for me, smile for me

Like in those photographs

That remind me, remind me

Oh how I love the way they

Lie on me, lie on me

So then I'll never have to let you go

You have been out of focus

Since you left, baby nothing's clear

I'd rather keep this illusion

And pretend you're still right here with meIt's black and white, you ain't coming back to me

It's black and whiteSmile for me, smile for me

Like in those photographs

That remind me, remind me

Oh how I love the way they

Lie on me, lie on me

So then I'll never have to let you goNo more shady here - I want to know

I won't have to let you go now

Shaggy!

Here we go one time

Out of love, I'm lost girl

You know, you can't replace me

I need you in my arms, girl

Won't you come back and save me

Without your love I'm lost, girl

You know, you can't replace me

I need you in my arms, girl

Won't you come back and save meSmile for me, smile for me

Like in those photographs

That remind me, remind me

Oh how I love the way they

Lie on me, lie on me

So then I'll never have to let you goLife ain't black or white

Let me take you back tonight

Let me bring you back to life

Let me put the spark in your life
Give it to me then girl I'll make
 Make fifty one shades of grey
You won't give up from where you lay
 Breakfast with the girl I don't play
When you with me, girl you're alright
 Worst mistake was saying "bye bye"
 Angel clipped your wing you can't fly
One load does the sync in the pipeI, I, miss you girl
 I, I, need you girl
 I, I, miss you girl
I, I, need you girlI, I, miss you girl
 I, I, need you girl
 I, I, miss you girl
I, I, need you girlI, I, miss you girl
 I, I, need you girl
 I, I, miss you girl
 I, I, need you girl
