

When We Sing Together

Pete Morton

The tune the virtuoso played sent shivers down my spine
And the song thatâ€™s just gone number one, some think itâ€™s divine
And I love the one that Robbie sang on the jukebox by the wall

(But) when we sing together thatâ€™s the best of all
When we sing together thatâ€™s the best of all

I love the songs you downloaded especially for me
I played them in me ears all day all the way down to the sea
I love the tunes the orchestra played at Annieâ€™s ball

(But) when we sing together thatâ€™s the best of all
When we sing together thatâ€™s the best of all

The guitars to the speakers make a mighty wall of sound
It can give you strength to rise again and get to higher ground
The dancers jump, the dancers turn, did everything but fall

(But) when we sing together thatâ€™s the best of all
When we sing together thatâ€™s the best of all

â€¦

So when the labourers from Lancashire sang for us their song
And we asked the manager politely to turn the dancetrack off
Everyone was there that night, the strong the weak, the small

(But) when we sang together that was the best of all
When we sang together that was the best of all

(But) when we sing together thatâ€™s the best of all
When we sing together thatâ€™s the best of all
