

Rules Don't Stop

We Are Scientists

Don't be alarmed, it's not the end of the world
If we're breaking the rules, it's fine
I disregard this kind of problem all the time It's not as if it's gonna kill anyone
If there's no victim then there's no crime
Just draw another if you think we crossed a line Rules don't stop me, forget about it
Rules don't stop me, we'll get around it
Rules don't stop me, forget about it
Don't stop me, don't stop me Although it may seem unconventional sometimes
Indiscretion is worth a try
If you just play along, I promise we'll be fine So leave your hang-ups back at the door
When you and I are down on the floor
Well, you know what to do about it
You know what to do about it Rules don't stop me, forget about it
Rules don't stop me, we'll get around it
Rules don't stop me, forget about it
Don't stop me, don't stop me It's not as bad as they say, if this is such a mistake
Why does it seem to make you so damn happy?
This is no time to behave, let's both get carried away
If there's a price to be paid, it won't stop me Rules don't stop me, forget about it
Rules don't stop me, we'll get around it
Rules don't stop me, forget about it
Don't stop me, don't stop me
They don't stop me, they don't stop me
