

# Circles

## Mariah Carey

Ever since you left me  
I've been trying to hide the pain  
Painting on a smile with lipstick  
Putting on a big charade So difficult to keep pretending  
It's getting harder everyday  
It's plain to see I'm cold and heartsick  
Since you turned and walked away I just keep going round and round  
And round in circles, keep on tumbling down Oh boy, my world has changed  
And I don't think I can make it  
Without you, nothing's the same  
You got me running around in circles over you Saturday I saw you  
Holding hands with someone new  
Somehow I kept my composure  
Just like everything was cool But inside I kept repeating  
Don't you let them see you cry  
So I casually turned my head  
As the tears rolled down my eyes I just keep going round and round  
And round in circles, keep on tumbling down Oh boy, my world has changed  
And I don't think I can make it  
Without you, nothing's the same  
You got me running around in circles over you Everything is you, how can I pull through  
My heart is consumed, I'm so confused  
Still caught up in you, love can be so cruel  
Baby, don't know how to turn you loose Oh boy, my world has changed  
And I don't think I can make it  
Without you, no nothing's the same  
You got me running around  
And running around and running around Nothing's the same  
Baby, baby, 'cause you  
Got me running around  
In circles over you, over you
