Late Redemption

Angra

You wasted all your chances
To find yourself lost and lonely
Were so foolish
You were selfish
Much too blind to realize
You messed up your own life...Eu vou contando os dias
E j, j no tenho medo
Eu lhe peo
Eu imploro
Quando a minha hora chegar
Meu descanso minha pazCante uma cano desconhecida
Posioning with hope
the hearts around you
Plante mais lembranas na sua vida
Death is calling you
(Now or never!)
Nada alm do amor o que parece
Please the ones you love
before you miss'em
Toda a minha dor na minha prece.
Win my chances back cause
Life is short but it's never late!Tempo que passou
It's time to find Redemption
No vai mais voltar
Only love defies the Resurrection
Tudo que se foi
Mark my words: God's abandoned this
world!Would I live again?
What's the new religion? Yeah!
And what shall be the bread?
Really I don't give a damn!
never wanna live again
In this vain emotion
Over for me!Sing a lullaby now I remember
Tempo que se foi e no se esquece mais
Memories are twisting in my mind
Win my chances back
Cause life is short but it's never lateTempo que passou
It's time to find Redemption

No vai mais voltar
Only love defies the Resurrection
Tudo que se foi
Mark my words: God's abandoned this world!
Toda a minha dor
My destiny is over
Nunca vai voltar
And this hope above your comprehension
Tempo que se foi
Is the love you've been dreaming so long?
Over for me.
Nunca...
...tudo se acabou.
