If You Love Me

Jackie Trent

If the sun should tumble from the sky
If the sea should suddenly run dry
If you love me, really, really love me
Let it happen, I won't care

If it seems that everything is lost
I will smile and I will never count the cost
If you love me, really really love me
Let it happen, darling, I won't care

Shall I catch a shooting star?
Shall I bring it where you are?
If you want me to I will
You can set me any task
I will do anything that you ask
If you'll only love me still

When at last our life on earth is through
I will share eternity with you
If you love me, if you really love me
Let it happen darling, I won't care
Then whatever happens, I won't care
