# Here We Go

## Joshua Radin

whoa oh oh
whoa oh oh
I'm starting over so, here we go, here we go
whoa oh oh
whoa oh oh oh
I'm starting over so, here we go, here we go
If I fall way down down would ya catch me
this old town, town has made a wretch of me
whoa oh oh, whoa oh oh oh
I need to wander down another road, another road
whoa oh oh, whoa oh oh oh
I need to wander down another road, another road

if you run away I, wont try to find you
I could find some way to remind you that
There's no there's no, there's no way to lose me
if you let me go let me go
there's no there's no there's no way to lose me
if you let me go
There was Somethin in the way, you looked at me that day
like someone far away that you once knew
I saw it too, whoa oh oh whoa oh oh
I'm startin over so here we go here we go
whoa oh oh whoa oh oh oh oh
I'm startin over so here we go here we go
