Take A Drink

Quietdrive

I never want to be part of the herd
I guess I was in case you haven't heard
Maybe you can tell that I can't stand
The way I want to be the included
I always want to be a mystery
I always knew that two and two made three
I wish away the time I'm living in
I never wanna see the smile again[Chorus]
It's not for sure
And I'm feeling
Like it's not for sure
Come on and take a drink with me
Whoa whoa, I don't think you can cope with it
I don't think you can handle it
Whoa whoa, Forgive my own forgetfulness
And take a drink with meI wanted to be two, but more than one
I only thought that I could be so dumb
Crush my heart with your new heels
I'd beg for you, but I don't kneel
I understand that you were living there
It never bothered me that I don't care
I wonder if I'll act on my impulse
I wonder if I'll leave if you say go[Chorus]Whoa, would you take a drink with me
If it's all you can take
It'll be okay
If it's all I can take
Then just put me away[Chorus]Whoa whoa, I don't think you can cope with it
So take a drink with meI never want to be part of the herd
I guess I was in case you haven't heard
I wanna spend some time to make you see
So why not come and take a drink with me?
