Comfortable

N-Dubz

It was 2004 I was sweet sixteen
Driving through north west to on your 125
On the dual carriage way
With the wind in my face
You would pick me up every Saturday
You would always be late, but I was willing to wait for you
I didn't know at the time that 5 years down the line
I'd be still waiting for youAnd I never imagined we would make it
You, you were my fantasy boy
And this, it was my dream come true
But it's nothing like I expected
I know in time that people change
I was foolish to think we'd stay the same
But I don't wanna loose my best friend
Tell me if this is love or am I just to comfortableTo comfortable
Tell me if this is love or am I just to comfortable2006 I just turned eighteen
I'm starting to grow up now
Had enough of your shit
Said it's time for a change
Said you were feeling the same
You committed and gave me the love that I craved
You were so hard to trust
After all that you put me through
But when I gave you the chance
I really thought it would last
We were so in loveAnd I never imagined we would make it
You, you were my fantasy boy
And this, it was my dream come true
But it's nothing like I expected
I know in time that people change
I was foolish to think we'd stay the same
But I don't wanna loose my best friend
Tell me if this is love or am I just to comfortableTo comfortable
Tell me if this is love or am I just to comfortableTake a good look at me
Look how I've changed
Cos I ain't half the person I used to be
I tried to wanna make it right
You tried to wanna start a fight
There was nothing left of me

My heart is full of hate and spite
Who the hell is this person
That's standing in front of meOh baby, please help me, I'm loosing my best friendBut I know in time that people change
I was foolish to think we'd stay the same
But I don't wanna loose my best friend
Tell me if this is love or am I just to comfortableI know in time that people change
I was foolish to think we'd stay the same
But I don't wanna loose my best friend
Tell me if this is love or am I just to comfortableOr am I just to comfortable
