Required Reading

Into It. Over It.

Enemies and friends
The scale, it tips towards unfortunate ends
Freeze in the winter's now permanent
And inclement
It's off and on, but often awful through the worst of it
It peels the paint from the wallsFigures on the shade will say the enemy is me
Drag out the fever, drink deep the disease
I'm not immune to a nice surprise
A waste of time
The expression in your eyes
It's enough to peel the paint from the walls
The figures on the shade are always wrongThe game is cloak and dagger
Trashing homes to pay some rent
Destructive accusations work for moments better spent
Suggestions say the wait is over
So move along, but take some cover
Cause it seems required reading bares no author as of late
Obscured to keep the cautious culture safe from harm
I'm mostly up to date
Enemies and friends
The scale, it tips towards unfortunate ends
Destroys the paint on my walls
