

Raindrop

Mitya Burmistrov feat. Blinky Bill & Malabika

I feel it around me
I feel like a raindrop
I feel, we're all washed out, burnt out
I think, it's a shame I feel like we're dyin' on the needs
Of the people today
I feel like screamin' at the world
I know it's a game called Insecurity
Insecure
Insecurity
Insecure I feel like a racing the wind
I feel like I'm flying
I feel that the people that surround me
Have all been blinded I think, I'll reach down in my soul
And pull up what's hidin'
It's these things inside of me
I share them with you, 'cause Insecurity
Insecure
Insecurity
Insecure And as I tear down my bad habits
And you grab it
And you throw it out to see if someone tries it
And they like it And we run together to figure it out
People always standin'
And we're starin' at what we thought
Was our best game I feel it around me
I feel like a raindrop
I feel, we're all washed out burnt out
I think it's a shame I feel like, we're dyin' on the needs
Of the people today
I feel like screamin' at the world
I know it's a game called Insecurity
Insecure
Insecurity
Insecure Insecurity
Insecure
Insecurity
Insecure And as I tear down my bad habits
And you grab them
And you throw it out to see

If it is you
