Can't Stop Won't Stop

Ten Commandments Band

Sick sicker, remix
Okay,Young Gunnaz, okay
Seein' me, check
Big Face, that's right
Big Leo, right
Big bird, yeah holla
Can't stop, won't stop Chingy and the Gunnaz
'Cause we, we get down baby, we get down
The girls, the girls they love us
(Say what)
(Look she right there)
(Her man he right there)
Yup, It's only right that we make it a remix
Young Gunnaz, and Chingy just to give it a lil' twist
Next generation, you better stay focused
Youngaz before they time, man you already know this
Ball 'em, never call 'em, kick 'em out before their moment
It seem like once you done, they start drawlin'
You never have 'em, so you cuff 'em, when you grab him
I treat 'em all the same, even the bad ones
Go Magnum, rose gold chain, for show aim
Four four Magnum, tell C and P when they done better blast 'em
I be laid back, smokin' bags, playin' Madden
You know we tap 'em, middle room, bathroom
Living room, bathroom, sit at home cap 'em
You got it, It's nothin' I had 'em, you can have 'em
Seein' Neef we the streets, Gunnaz we the last one
Can't stop, won't stop Chingy and the Gunnaz
'Cause we, we get down baby, we get down
The girls, the girls they love us
(Say what)
(Look she right there)
(Her man he right there)
Can't stop, won't stop Chingy and the Gunnaz
'Cause we, we get down baby, we get down
The girls, the girls they love us
(Say what)
(Look she right there)
(Her man he right there)

Neefy, and Chris wicked game, wicked chick
One had to pay a dime, pay in no mind
It's quite obserd, just sayin' the right words
I like nice hair, titties, and nice curves
Givin' neck dose, smokin' on a bag fa' sho'
Shawty's catch everything, everytime I let go
(Okay)
I get her poppin', and let 'em finish the rest yo
And when I'm lookin' for a girl, why I check fo'
Need me a chick, that'll see me squeeze the fifth
On the court, pleed the fifth, never leave me for a check

But, the Visa on the whip, so overseas get the bricks
Bringin' all 'dat cake, that's what I need for you to do
I be heated if you screw, bring it all back straight
Rock on me, we pop homie, drink it all back straight
Better warn me, ya Barreta on me
Baby all 'dat hate, will lead to you losin' all that weight
Holla' at ya boy

(Her man he right there)
Can't stop, won't stop Chingy and the Gunnaz
'Cause we, we get down baby, we get down
The girls, the girls they love us
