

# Arianrhod

## Elaine Silver

### Verse 1:

Arianrhod, Arianrhod, rise up with the stars

Arianrhod, Arianrhod, goddess you are

Swirling through eternity, sharing gifts of poetry

Arianrhod, Arianrhod, rise up with the stars

Arianrhod, Arianrhod, power is raised

Arianrhod, Arianrhod, dancing the maze

Your star magic silver wheel brings up secrets now revealed

Arianrhod, Arianrhod, power is raised

Chorus 1:  
You are, mother of the constellations

You are giving birth to transformations

Verse 2:  
Arianrhod, Arianrhod, bring forth your fire

Arianrhod, Arianrhod, divinely inspired

Spinning in infinity, spewing starlight energy

Arianrhod, Arianrhod, bring forth your fire

Chorus 2:  
The heart is the heart, the center of the universe

The goddess is part, is turning words to sacred verses

Verse 3:  
Arianrhod, Arianrhod, rise up with the stars

Arianrhod, Arianrhod, goddess you are

Swirling through eternity, sharing gifts of poetry

Arianrhod, Arianrhod, rise up with the stars

Arianrhod, Arianrhod, goddess you are
