

Before I Knew Your Name (Studio Track)

[Brandon Rhyder](#)

Before I knew your name, I was not blistered or burned
I gave love everything before you had it returned
Before I knew your name, I had my pride in tact
But you set my heart on fire before you gave it back So I'm gonna rewind to a place and time
To the man I was, before your love
Wrecked my heart, and my soul, and my mind
Before I knew your name, before I knew your name Ain't no drink or drug
That's gonna get me there
I've been down that road, your still just as gone
After the fog has cleared So I'm gonna rewind to a place and time
To the man I was, before your love
Wrecked my heart, and my soul, and my mind
Before I knew your name, before I knew your name Is it somewhere south of Austin?
Hiding in St. Paul
In the deserts east of L.A.
Hell, I might try them all Somewhere to rewind to a place and time
To the man I was, before your love
Wrecked my heart, and my soul, and my mind
Before I knew your name, before I knew your name
Before I knew your name, before I knew your name
