

# Little More (Royalty)

[Chris Brown](#)

(Wake me up before you go, ooh I need a little more Just a little more, a little more of your love) x2 Oh I need a  
jumpstart, when you all me, I'm running to ya  
Gimme a headstart, thank God, gonna have me like hallelujah  
Even though I'm a man girl, you making me feel like a baby  
Oh girl when you lay in my arms, I'll take advantage of the moment  
Girl the way you make me smile is the definition of a real lady So before I go to work, an I ask you for a  
favour? (Wake me up before you go, ooh I need a little more  
Just a little more, a little more of your love) x2 (Cause your love, your love, your love  
Wake me up with some more of your love) x2 Oh I need a bak talk, girl I'm your daddy, no sass talk  
Oh baby girl you inspire me, give me the reason to keep on  
My baby, my , girl you're the lyris to my song  
Girl you got this heart lok on me, I don't think I an ontrol it  
I hold on with all my might while you look at me in my eye  
Like a vitamin you put bak my energy, you're making me stronger, and bring out the best of me So before I go  
to work, an I ask you a favour? (Wake me up before you go, ooh I need a little more  
Just a little more, a little more of your love) x2 (Cause your love, your love, your love  
Wake me up with some more of your love) x2
