

# Declare Your War

## Throwdown

This is a war  
So youve gotta stay strong and rise above  
And never let the motherfuckers tear you away from what you love  
Gotta fight back and reclaim whats truly yours  
Take revenge on the world and declare your fucking war  
Your war  
Stay gold  
Stay true to yourself and your friends and never let go  
You want a piece of my fucking time?  
Well back up and back off  
Get in back of the line  
You want a piece of my fucking mind?  
Well fuck you  
Fuck you  
Stay gold  
Stay true to yourself and your friends and never let go  
You want a piece of my fucking time?  
Well back up and back off  
Get in back of the line  
You want a piece of my fucking mind?  
Well fuck you  
Stay gold  
Stay true to yourself and your friends and never let go  
Never let go
