Once

Honeydrop

Somethin's not right
All I knew is that the words
Won't come out
I guess my friend
Mistake was done
No more regrets no more turning backI caught myself
Hanging around nowhere to go
People I knew, feeling the crowd
Singing out loud
Don't be ashamed
Look at me now
You see, I'm under your skin
Time tells as why
I'm leaving now, goodbye
gotta see you, gotta see you againI caught myself
hanging around nowhere to go
People I know, feeling the crowd
Singing out loudThings won't be the same
Things won't be the same
AnymoreI caught myself hanging around
nowhere to go
People I knew feeling the crowd
Singing out loud
I caught myself
hanging around nowhere to go
People I know, feeling the crowd
Singing out loud
