

Nothing Good About Lonely

[Carolyn Dawn Johnson](#)

Nothing Good About Lonely
(CDJ/Mary Danna)I'm staring out the window
On a bright and sunny day
And even though it's beautiful
To me it still looks grey
The condition of my heart is in a desolate stateThere's nothin' good about lonely
It hurts like hell
And although I've never been down there
I've felt enough pain to know it just as well
I feel so empty
Without you here to hold me
I'm trying so hard to be happy
But there's nothin' good about lonelyI thought a change of scenery
Would change my point of view
But even the magical ocean
Was just another shade of blue
Getting outta bed is getting harder to doRepeat Chorus
