

Blindsided

Bon Iver

Bike down
Down to the downtown
Down to the lock down
Boards, nails lie around I crouch like a crow
Contrasting the snow
For the agony, I'd rather know
'Cause blinded, I am blindsided Peek in
Into the peer in
I'm not really like this
Probably plightless How come the window
I'm crippled and slow
For the agony, I'd rather know
'Cause blinded, I am blindsided Would you really rush out?
Would you really rush out?
Would you really rush out for me now? Would you really rush out?
Would you really rush out for me now?
Would you really rush out for me now? Would you really rush out for me now?
Would you really rush out for me now?
Ooh, for me now, ooh, for me now Taut line
Down to the shoreline
The end of a blood line
The moon is a cold light There's a pull to the flow
My feet melt the snow
For the irony, I'd rather know
'Cause blinded, I was blindsided Blinded, I was blindsided
'Cause blinded, I was blindsided
