Dancing free until the morning light
Together forever 'cause this is your night
And everything is gonna be alrightAww yeah, so in love with you
Aww yeah, it's too good to be true
Aww yeah, feelin' so brand-new, aww yeah
Eee-yeah, eee-yeah, ooh, ooh, ooh, oohYou captured my heart, you're the key to my life
A vision of our love, that made me survive
Regaining the mood, that we're in, it's so real
It's time to move up, and to face what I feel, ohhThis is your night
Dancing free until the morning light
Together forever 'cause, this is your night
And everything is gonna be alrightAww yeah, so in love with you

Aww yeah, feelin' so brand-new, aww yeah
Eee-yeah, eee-yeah, ooh, ooh, ooh, oohTonight with my spirits, the one that you call
I'm ready to stand up and ready to fall
I can't find a way, so attracted by you
Let me be your girl and I'll be so true, oohThis is your night
Dancing free until the morning light
Together forever 'cause this is your night
And everything is gonna be alrightAww yeah, so in love with you
