

My Silent Undoing

Queen Adreena

my silent undoing
my silent undoing
my silent undoing
my silent undoing
my wasp in a jar
protruding hips
and skull, and spine
ribcage cuts a clear outline
oh, oh
all roped up and pinching in
distorted and disfiguring
oh, oh
my silent undoing
my silent undoing
my wasp in a jar
no photographs around the back
emaciated, iron flat
oh, oh
dehydrated cutting bones
today i'm over 7 stone
oh, oh
my wasp in a jar
my wasp in a jar
my wasp in a jar
twinkle little star
my wasp in a jar.
