Queen Adreena

my silent undoing my silent undoing my silent undoing my silent undoing my wasp in a jar protruding hips and skull, and spine ribcage cuts a clear outline oh, oh all roped up and pinching in distorted and disfiguring oh, oh my silent undoing my silent undoing my wasp in a jar no photographs around the back emaciated, iron flat oh, oh dehydrated cutting bones today i'm over 7 stone oh, oh my wasp in a jar my wasp in a jar my wasp in a jar twinkle little star my wasp in a jar.
