

# Outdoor Miner

## Wire

No blind spots in the leopard's eyes

Can only help to jeopardize

The lives of lambs, the shepherd cries  
An outdoor life for a silverfish

Eternal dust less ticklish

Than the clean room, a houseguest's wish  
He lies on his side, is he trying to hide?

In fact it's the earth, which he's known since birth  
He lies on his side, is he trying to hide?

In fact it's the earth, which he's known since birth  
Face worker, a serpentine miner

A roof falls, an under-liner

Of leaf structure, the egg timer  
He lies on his side, is he trying to hide?

In fact it's the earth, which he's known since birth  
He lies on his side, is he trying to hide?

In fact it's the earth, which he's known since birth  
He lies on his side, is he trying to hide? (he lies on his side)

In fact it's the earth, which he's known since birth (is he trying to hide?)  
He lies on his side, is he trying to hide?

(he lies on his side)

In fact it's the earth, which he's known since birth (is he trying to hide?)  
He lies on his side, is he trying to hide?

(he lies on his side)

In fact it's the earth, which he's known since birth (is he trying to hide?)
