Come fly with me, let's fly, let's fly away
If you can use some exotic booze
There's a bar in far Bombay
Come on fly with me, we'll float down in the blueFly with me, float down to Peru
In llama land there's a one-man band
And he'll toot his flute for you
Fly with me, we'll take off in the blueOnce I get you up there where the air is rarefied
We'll just glide, starry-eyed
Once I get you up there I'll be holding you so very near
You might even hear a gang of angels cheer just because we're togetherWeather-wise it's such a cool, cool day
You just say those words we'll whip those birds down to Acapulco Bay
It is perfect for a flying honeymoon, they do say
Come on and fly with me, let's fly, let's fly awayOnce I get you up there where the air is so rarefied
We're gonna glide absolutely starry-eyed
Once I get you up there I'll be holding you so very near
You might even hear a gang of angels cheer just because we're togetherWeather-wise it's such a groovy day
You just say those words we'll whip those birds down to Acapulco Bay
It's perfect for a flying honeymoon, they do say
Come on fly with me, let's fly, let's fly
Pack up your bags and let's get out of here
Come on let's fly away
