The Witch

Insane Clown Posse

The witch jumped on my back last night
I couldn't breathe in its clutch I was frozen with fright
It went on for what seemed like hours of terror
To see the Witch's face stare in the dark at the mirrorThe witch told me my girlfriend was a demon
And all this fallin' in love shit I'm dreamin'
And it's pain to the angels if I don't deliver
I sealed her off in a barrel and rolled her in the riverThe witch told me my left arm is possessed
So I broke it at first and then I went and confessed
But they put me in a home my arm still wouldn't leave me Alone, finally had to chew it off at the boneThe witch told me to crawl under my house
And just wait, don't panic if I suffocate
I bit the tail off a possum down there at one point
It's so boring and it's dark but the witch is my lightSomething is standing between me and my sanity
They say my witch is just a dream, morbid fantasy
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!The witch taught me how to cut up a body
It's nasty and wretched and hella bloody
But it's gotta get done and somebody's gotta do it
I kick the fuckin' face in and put my knife through itThe witch jumped on me again here we go
Laying in my bed I can't breathe anymore
Laying in my bed I can't move anymore
There's a demon floating in my face clamping my jawThe witch told me I gotta murder this one kid
K, well maybe the witch didn't then, but I did
With the ninja suit, crept through like a black widow
With the crossbow stuck him in the neck like dittoThe witch told me about blood that rains
Outta the neck and what particular veins
And about murder witnessing death settin' in
and it ain't no heaven that's lettin' me inSomething is standing between me and my sanity
They say my witch is just a dream, morbid fantasy
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!The witch told me to put my feet in the fire
And hold on until everything below the knees is gone
Now I'm in a wheel chair with only an arm
But don't care, I can still throw my hatchet in the airThe witch got me in a predicament it ain't good
I got somebody head posted on my hood 4:30 AM

And we rollin' through the ghetto Shaggy riding shotgun
And the witch is in the middleSomething is standing between me and my sanity
They say my witch is just a dream, morbid fantasy
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
I say wake the dead, wake the dead, wake 'em!
Wake the dead, wake the dead wake 'em!
