Quandary

Rufus

I've seen you happy
I've seen you low
I've watched your prosper
I've watched your grow
But you're so unhappy
And you should know
That you need me nowYou've got your money
You've got your pride
You're so cute, you're so funny
And you can't hide
But there's something wrong here
But I'm on your side
And you need me nowCHORUS:
You're aching
There's no mistaking
I've seen it before
You're faking
Your heart is breaking
Get off the floorI hope there's something you let me do
I live and love because of you
And I set my sights with you in view
So let's make a vow
You live in a quandary
You're blessed and cursed
They say they love you
But I saw you first
And you think you could love me
But you're unrehearsed
So I'll show you howCHORUSYou hur inside
You can't hide
It's all up to you
You hurt inside
You lost all your pride
It all comes down to you
