If I Was a Folkstar

The Avalanches

Hey alright
Kip Kasper, KLON Radio
How we feelin' out there?
How's your drive-time commute?I remember when she took me to the world in my mind
Who wants time when there's nothing she sets in the sky?
And I'd like to see her any day
I know I can't be gone every weekend
Let's wake up side by side (side by side)
Let's sleep in 'till we die ('till we die)
Don't make me close my eyes
I won't believe
I won't believe (oooh)
(I won't believe)Let's wake up side by side (side by side)
Let's sleep in 'till we die ('till we die)
Don't make me close my eyes
I won't believe
(I won't believe)
(I won't believe) (oooh)
