## Porter Robinson

Lean into my side  
Never felt alive  
Call the chants inside  
(We will wait for this, we will wait for this)Lean into my side  
Never felt alive  
Call the chants inside  
(We will wait for this, we will wait for this)Lean into my side  
Never felt alive  
Call the chants insideWe will wait for this  
We will wait for this  
We will wait for this  
We willLean into my side  
Never felt alive  
Call the chants inside  
(We will wait for this, we will wait for this)Lean into my side  
Never felt aliveWe will wait for this  
We will wait for this  
We will wait for this  
We will wait for thisLean into my side  
Never felt alive  
Call the chants insideLean into my side  
Never felt alive  
Call the chants inside  
You see right through me
