

Go Or Go Ahead

Rufus Wainwright

Thank you for the bitter knowledge
Guardian angels who left me stranded
It was worth it, feeling abandoned
Makes one hardened but what has happened to love You got me writing lyrics on postcards
Then in the evening looking at the stars
But the brightest of the planets is Mars Then what has happened to love
So I will opt for the big white limo
Vanity fairgrounds and rebel angels
You can't be trusted with feathers so hollow
Your heaven's inventions, steel eyed vampires of love You see over me, I'll never know
What you have shown to other eyes
Go or go ahead and surprise me
Say you've lead the way to a mirage Go or go ahead and just try me
Nowhere's now here smelling of junipers
Fell off the hay bales, I'm over the rainbows But oh Medusa kiss me and crucify
This unholy notion of the mythic power of love
Look in her eyes, look in her eyes Forget about the ones that are crying
Look in her eyes, look in her eyes
Forget about the ones that are crying
Go or go ahead
