

# Gangsta Nation

## Westside Connection

Consider this an invitation, to my gangsta nation

Na na na na na na na na

(Westside)

Na na na na na na na na

(Ohh ohh)

Na na na na na na na na

(What what)

Na na na na na na na na

Na na na na na na na na

(Yeah yeah)

Na na na na na na na na

Na na na na na na na na

Na na na na na na na na

This day right here is really rough

These girls out here about the bucks

These fools out here afraid to bust

I have no fear, afraid of what

And in five beers I'm comin' up

Fools talk real loud but don't run up

When we come through they'd run it up

We still right here don't fresh your luck

Homey, I'm tired of the cowards parkin' like this, walkin' like this

From the concrete when they chalkin' like this

And there he goes and a trick pose and a throw back

Holdin' a gack ain't gonna bust and know that

It's a dub ass C thang dub C brain

And we don't kick it but bust it and kaki jeans strains

I'm done movin', I'm clearin' the crowd

It's the who bangin' bandanna criminiminal, the original

Evacuate the building look here come a plane

No, it's the big bad Westside Connect Gang

And bump what you plain homey this who bang

With enough game to drive a swear broad insane

And we number one gunners no we ain't stunners

It's real with us partna, dealers and drug runners

And Mack need a [unverified] in a H2 Hummer

Lookin' hotter than the South Central L.A. summer, let's go

This day right here is really rough

These girls out here about the bucks

These fools out here afraid to bust  
I have no fear, afraid of what  
And in five beers I'm comin' up  
Fools talk real loud but don't run up  
When we come through they'd run it up  
We still right here don't fresh your luck  
What the hell is Ice Cube talkin' about  
That's how you get these here parked in you mouth  
Westside ride trick, the same old spit  
I don't conversate with chicks I ain't goin' hit  
I don't holla at these pros that sing like Ashanti  
Body like Beyonce, face like Andre  
(Uhh)  
You kinda [unverified]  
But I'm with so my Andre got to be bomb rate  
Have you seen us, naw, haters can't see us  
Connect Gang we the G'est nigga  
Countless calls and countless charges

Street niggas makin' blunts out of Cuban cigars  
Big by the linnas sip notice by the liters  
With a flock of pros on us 'cause the conic is [unverified]  
And to my G's incarcerated and on probation  
I'ma stay bagin' for the whole G Nation nigga  
This day right here is really rough  
These girls out here about the bucks  
These fools out here afraid to bust  
I have no fear, afraid of what  
And in five beers I'm comin' up  
Fools talk real loud but don't run up  
When we come through they'd run it up  
We still right here don't fresh your luck  
It's a gangsta nation if you in you a G  
And the whole world influence by the B in the sea  
Now tell the truth rappers you don't bow like me  
'Cause I'm really from the gang y'all is industry  
And while I'm servin' up and comin' young hustlas and gluckas  
Bangin' for the hood causin' havoc and ruckus  
You fools actin' label, kissin' up like suckas  
And your trick solder down when you pee lil bustas  
One thing I do know, I ain't the uno  
Big puno rap sumo on pruno  
(You know)  
I'd like to thank the congregation  
In my affiliation to the gangsta nation

I'm hard on them, yeah I'm ruthless  
You like a stress sac, boy you useless  
You know the side trick, better get up on it  
'Cause it must be a single with Nate Dogg singin' on it  
Look check this out man  
We got a gangsta nation goin' down over here  
So y'all might as well bow down  
And join this Westside thang man  
'Cause once you get with this, partna you as G as can be  
Believe that homeboy, it's like that  
Fred Red, what I'd tell you homey  
It ain't a hit till Nate Dogg spit  
This day right here is really rough  
These girls out here about the bucks  
These fools out here afraid to bust  
I have no fear, afraid of what  
And in five beers I'm comin' up  
Fools talk real loud but don't run up  
When we come through they'd run it up  
We still right here don't fresh your luck  
Na na na na na na na na  
Na na na na na na na na  
Na na na na na na na na  
Na na na na na na na na  
(Consider this an invitation, to my gangsta nation)
