

Tonight

Mint Condition

I've been waitin' for this moment for sometime
Anticipating all the ways you blow my mind
And maybe it's just the way that you do
The way that you do the things that you do
And that's alright, 'cause
You know what we're gonna do tonight
(Tonight)
We'll be makin' love by candlelight
(Tonight)
You know what we're gonna do tonight
(Tonight)
And we can do this till the morning light
(Tonight)
You know what we're gonna do tonight
Oh, let's get physical, oh, sexual, let's get naughty
Champagne runnin' down your body
Fulfillin' our every fantasy
A feeling so good, could this be a love so right?
You know what we're gonna do tonight
(Tonight)
We'll be makin' love by candlelight
(Tonight)
You know what we're gonna do tonight
(Tonight)
And we can do this till the morning light
(Tonight)
You know what we're gonna do tonight
Won't you sing along with me?
One more time for me, baby
See I've been waitin' for so long, yeah
You know what we're gonna do tonight
(Tonight)
We'll be makin' love by candlelight
(Tonight)
You know what we're gonna do tonight
(Tonight)
And we can do this till the morning light
(Tonight)
You know what we're gonna do tonight

See I wanna keep you right, baby
Keep lovin' the way I should
Want to keep you right, baby
You know what we're gonna do tonight
(Tonight)
We'll be makin' love by candlelight
(Tonight)
You know what we're gonna do tonight
(Tonight)
And we can do this till the morning light
(Tonight)
You know what we're gonna do tonight
As we create the mood
(Tonight)
Oh, it's shining on you
(Tonight)
With the things that you do
(Tonight)
Heaven bring me and you
(You know what we're gonna do tonight)
