

Goodbye Milky Way (Boca Junior Remix)

Enigma

Shall I go? Shall I stay?
107 light years away
Many times, so many doubts
But no reason to talk about Mission is over, mission is done
I will miss you, children of the sun
Now it's time to go away
Goodbye, goodbye Milky Way For a better world without hate
Follow your heart, believe in fate
Only visions and the mind
Will guide you to the light Mission is over, mission is done
I'll miss you, children of the sun
Now it's time to go and say
Goodbye, goodbye Milky Way Mission is over, mission is done
I will miss you, children of the sun
I go home, until someday
I say goodbye, goodbye Milky Way 5 billion years, the Andromeda galaxy
Will collide with our Milky Way
A new gigantic cosmic world will be born
