

Praise Him In Advance

[Marvin Sapp](#)

I've had my share of ups and downs
Times when there was no one around
God came and spoke these words to me
Praise will confuse the enemy I've had my share of ups and downs
Times when there was no one around
God came and spoke these words to me
Praise will confuse the enemy I started singing, I started clapping
I started dancing, people were laughing
They knew my problems, they knew my pain
But I knew God would take them away
Oh I've had my share of ups and downs
Times when there was no one around
God came and spoke these words to me
Praise will confuse the enemy I've had my share of ups and downs
Times when there was no one around
God came and spoke these words to me
Praise will confuse the enemy I started singing, I started clapping
I started dancing, people were laughing
They knew my problems, they knew my pain
But I knew God would take them away That's why I praise him with my hands
That's why I praise him with a dance
Hes given me a second chance
Come on lets praise him in advance That's why I praise him with a song
When things are right and when they're wrong
Hes given me a second chance
Come on lets praise Him in advance Praise Him, Praise Him
Come on in here, Praise Him
Open your mouth, Praise Him
Bless the lord, Praise Him
Praise Him, Praise Him
Come on praise him, Praise him
Come on praise him, Praise Him in advance Everybody praise him, Praise Him
Open your mouth, Praise Him
Give him glory, Praise Him
Tell your story, Praise Him
Bless His Name, Praise Him
Come on, Praise Him
Praise Him in advance Praise Him, Praise Him
In the good times, Praise Him

Praise Him, Praise Him
When things are going wrong, Praise Him
Praise Him, Praise Him
Help me in here, Praise Him
Come on in here
Praise him in advance
Oh Praise Him, Praise Him
Bless the lord, Praise Him
He's Worthy, Praise Him
Come on in here, Praise Him
For my life, For my life
I will, Praise Him
Praise Him in advance
Oh Praise Him, Praise Him
When things are good, Praise Him
Praise Him, Praise Him
Trouble on every side, Praise Him
And when I'm broke, When I'm broke
I will, Praise Him
Praise Him in advance
Oh Oh
Come on and
Praise Him in advance (repeat 4x)
